Jamieson, John, 1759-1838.

An etymological dictionary of the Scottish language,
illustrating the words in their different significations by
examples from ancient and modern writers; shewing their
affinity to those of other languages, and especially the north-
ern; explaining many terms, which, though now obsolete
in England, were formerly common to both countries; and
elucidating national rites, customs, and institutions in their
analogy to those of other nations; to which is prefixed A
dissertation on the origin of the Scottish language. Edin-
burgh, Printed at the University Press for W. Creech, 1808.
v. 28 cm.
--Supplement. Edinburgh, Printed at the Uni-
versity Press for W. & C. Tait, 1825.
2 v. 28 cm. F2106.J38 Supl. 52-50999
